

Automated Spotting Boards

AUTOMATED SPOTTING BOARDS

Your spotting board, mostly built for you.

ASB gives you a strong starting board with rosters, stats, schedules, and team information already organized. You add the details only you have, then arrange it for the way you call the game.

01

ASB prepares the starting board

Rosters, stats, schedules, and team context are organized into one sport-specific starting point.

02

You fill the gaps

Add private notes, pronunciations, assignment details, or anything only you would know.

03

You make it yours

Review the details, choose what appears, and format the board around the way you work.
